Although looking at works of art is a pleasurable enough experience, to appreciate them fully requires certain skills and knowledge.' \par \par First published in 1992, this backlist best-seller presents new material including the latest trends since 1990: video art, new media (digital & internet), photo based work, figurative imagery and neo-expressionism, conceptual art, installations, artist cooperative collaborations, and the resurgence of traditional craft in painting (the Leipzig group). It takes art history out of the realm of dreary textbooks, demystifies jargon and theory, and makes art accessible. No technical jargon, just a basic introduction to the subject of art history. My mandate was to make the important interesting.' \par }.
